11. [] LIAISON Met with Dick Schultz, Chief Counsel, Senate Judiciary Subcommittee on Internal Security, and gave him a blind memo prepared by the DDO on Soviet defector, [] Schultz said the Subcommittee staff will first want to talk to [] informally to determine whether they would have any interest in his appearance before the Subcommittee. I informed Schultz that the appearance of [] in Executive Session before the Senate Armed Services Committee has been tentatively set for mid-March. Schultz was aware of Senator Strom Thurmond's (R., S. Car.) efforts to set the briefing up and agreed that it would not be necessary for [] to appear before the Senate Judiciary Internal Security Subcommittee since its members will no doubt be invited to sit in with the Armed Services Committee should they so desire.
